SERVING AS HOSTESSES - Pictured are Mrs. Walter Cox, seated, Mrs. Douglas Easters and Mrs. Boyd Murphree, who served as hostesses during the two days of open house at the Peoples Bank. Visitors registered in the guest book shown on the table.

The Peoples Bank received a royal welcome. A number of out-of-town visitors called during the two days of open house as well as hundreds of citizens of this area.

COUNTRY CLUB KEYS PRESENTED TO PRESIDENT - Douglas Easters, chairman of the construction committee for the Elba Country Club, presented the keys to the club house to L. F. (Sonny) Inman, club president, Sunday afternoon. Inman then opened the door to the impressive club house and hundreds of visitors spent several hours enjoying the interior of this beautiful club. The club is opened each day except Monday.

BOYS-GIRLS STATE - Continued From Front

Attended Boy and Girls' State. Girls who will be competing for the honor are: Harriet Collier, Gail Madson, Rachel Bowers, Gail Murph, Janice Holley, and Genette Plant. The boys include: Billy Rex Kelley, Jesse Lee, Lee Pinkard, Phillip Burkett, and Sammy Carney. Mrs. Jo Ann King has worked with the students in connection with this program and will attend the meeting with the boys and girls.

The Rotary Club, Sam Sawyer, and Coffee County Board of Commissioners have agreed to sponsor one boy each in this program. The American Legion will sponsor one or more and the Ladies Auxiliary will sponsor one girl. The Legion can send as many boys as have sponsors but the Auxiliary can send only one girl from each school.

The Boys' State will be held at Troy State College. The Girls' State will be held at Huntingdon College in Montgomery.

RUN-OFF PRIMARY - Continued From Front

elects Circuit Clerk over Laura S. Barker by a vote of 4,101 to 2,787, a majority of 1,314 over her opponent. In the 1958 election Clark polled 3,760 votes to Barker's 3,167. The race between Clark and Barker six years ago was much closer than the Tuesday primary.

Miss Clark is elected for another six year term. Byron Galloway unseated Claude Tindol Tuesday by a vote of 3,668 to 2,983, a majority of 685 votes. Galloway is a newcomer in politics, but is highly recommended as being very efficient for the place.

Nomination in the Democratic primary in Coffee County is tantamount to election in November.

Coffee County went over-whelmingly for the "pledged" electors over the "unpledged" electors. The County polled a tremendous majority for Governor Wallace's slate of elector candidates.

THANKS

I AM DEEPLY GRATEFUL TO THE PEOPLE OF COFFEE COUNTY FOR RE-ELECTING ME

I WILL CONTINUE TO WORK HARD TO JUSTIFY THIS SUPPORT AND TRUST YOU HAVE IN ME

AGAIN THANKS

Language Equipment Brought

The Elba High School has purchased a mobile language laboratory unit at the cost of \$5,000 to be used in the first and second year French classes.

The tapes which accompany their books have recently been purchased costing \$180. The use of this material will aid the students in developing their oral and audible abilities.

The equipment provides for a class of thirty students to have a head set which consists of earphones and a microphone combination.

The tapes which accompany the books are recorded by French speaking people, male and female. Each student listens to the tapes with his individual head set and in most cases, time is given for each student to repeat after the speaker, short phrases and sentences at the time. The teacher may at any time listen to a student speaking; the student has no way of knowing when he is being checked. The material may sometimes be translated before coming to class or the students may be called upon to interpret the speaker without seeing the material in writing.

With constant listening and speaking, the students will be able to develop their ability to hear and understand the foreign language. The tapes recorded by French speaking people give the students the true and definite sound of the French language.

Machines Cause Congestion

During the first primary election last Tuesday, a lot of congestion developed at the polls where voting machines were being used for the first time. The ballot was long and because of the election race and most voters' determination to be sure of casting their vote for the unpledged electors, even more time was required. Some had failed to take a full sheet of electors with them, apparently expecting the ballot to have them listed as the pledged and the unpledged and on finding that they were not

EXERCISE - Vital To Health

"Keep going and I'll do the same!" These were the words usually contained in the closing paragraph of a 94-year-old Pennsylvania woman's letters to friends and relatives. This nonagenarian kept going and doing, and outlived many of her less active, sedentary associates who succumbed chiefly to heart disease.

From studies made on the subject, it is axiomatic that inactivity is a considerable factor in the development of heart disease. As a matter of fact, regular exercise of sufficient intensity may actually retard the development of degenerative damage to the heart muscle and maintain elasticity of blood vessels. Studies made around the world on human beings in various occupations and degrees of activity have supported the contention that exercise is valuable in reducing heart disorders.

In a survey including three groups of railroad workers in the United States, death from arteriosclerotic heart disease was found to be inversely correlated with the physical activity characteristic of each type of job; death from heart disease was reported to claim twice as many clerks as section hands; and similar were the findings in regard to drivers and conductors on two-decker London buses. The seated drivers exhibited a higher incidence and a greater severity of coronary disease than did the conductors who were on their feet and were climbing steps all day in the two story buses.

Regular exercise of sufficient intensity appears to be of importance in retarding what has become the number one killer in the United States - heart disease.

Foreign Beef Being Taken Off Market

A. W. Todd, Commissioner of Agriculture, took 13,500 pounds of foreign imported beef off the market today in Athens, Alabama. Recently 32,640 pounds of foreign beef was suspended from sale and movement in Dothan, Alabama. These two suspensions bring the total for the entire State to 778,080 pounds suspended during the past two weeks.

Todd stated that this is just the beginning. His inspectors are checking every warehouse, meat market, packing firm, and grocery store in Alabama.

TO THE CITIZENS OF COFFEE COUNTY

During the past several years, since you entrusted me with the duties and responsibilities of serving you as Probate Judge, there has been considerable growth in the funds coming in to Coffee County. It naturally follows that the duties of your Probate Judge in this respect have become more complicated and considerably heavier. I feel that you will agree, in view of this fact, that an experienced and well qualified man is needed to properly handle the offices of your Probate Judge in an efficient and businesslike manner. I do hope that my past services have properly qualified me to merit the honor of continuing to serve you in this position.

It would give me much satisfaction to be able to see each voter personally and discuss my campaign. However, if due to the fact that I must spend considerable time carrying on the duties of your offices, I have failed to see you, please be assured that I am most interested in your opinion and your comments. The doors to these offices are always open to you-your family-and your friends.

I will deeply appreciate your vote, and your influence, in my campaign to be re-elected to serve you as Probate Judge of our growing county for another term.

Yours very sincerely,

Tommy Thomason

endorsed by the Commissioners of five other Southern States and is to be enacted in those States. Todd said that the beef importers are "chomping at the bits". His Assistant, Arthur L. Dee has just returned from Washington where he appeared before the United States Tariff Commission and Dees reports that the importers are screaming and climbing the walls over what is happening in Alabama.

Dees gave the importers a message from Todd, stating that "If you have plans for shipping foreign beef into Alabama you should change those plans because it will not be allowed to be placed on the market in this State."

Mr. Scott's forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past 10 years. He said that, nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963. This rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961.

He cited several amendments which extended social security coverage to self-employed men and women, and agricultural workers, and other groups. As a result, several million people whose work was brought under social security are now receiving benefits. Others qualified through amendments which reduced the amount of work needed to get benefits. One change -- lowering the age at which older people can get benefits from 65 to 62 -- accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under social security -- disability benefits -- and 1.5 million disabled workers and their dependents now receive benefits under the disability provisions of the law.

Social Security Benefits Coffee County

About one out of every two residents of Coffee County is now receiving a monthly social security check according to figures released by Harry N. Scott, Dothan, social security district manager.

Mr. Scott's report listed the number of Coffee County beneficiaries as 2,623 at the end of 1963, an increase of 7.6% over the corresponding figure at the beginning of 1963. The dollar benefit amounts total more than \$1,527,072.00 yearly.

Retired workers are the largest single group of social security beneficiaries in the County. There are 1,210 in this group and their old-age insurance benefits total \$70,562.00 monthly. The following table shows the number and amount of the other monthly benefits paid in Coffee County, as of December 31, 1964.

Beneficiary Group: Retired Worker; Number of Beneficiaries: 1,210; Total of Payments: \$70,562.00; Wife or Husband: 445; \$12,145.00; Widow or Widower: 226; \$11,776.00; Mothers and Children: 313; \$19,874.00; Disabled Workers and Dependents: 219; \$12,375.00.

In releasing the figures, Mr. Scott pointed out that the social security benefits are important to the community as well as to the people who receive them. "It is a fact," he said, "that almost every dollar of social security benefits coming into the County is spent each month in local businesses for food, clothing, shelter, and other essentials. In this way, the benefits have a stabilizing effect on the local economy."

Mr. Scott's forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past 10 years. He said that, nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963. Yes, definitely! Started? Why? How do you answer Lucy when she comes to the breakfast table and announces, "I'm not going to school today?" You know, Lucy goes.

How do you answer when Lucy comes in besmudged with dirt and says, "I'm not going to take a bath?" You know, Lucy bathes.

How do you answer when Lucy, threatened with illness, says, "I'm not going to take that medicine?" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what Church shall go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about . . . too much religion when I was young. . . . parents made me go?" This tale is definitely false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Lucy when she announces she doesn't like Sunday School and Church? That's easy. Be consistent. By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess — Christian habits and ideals.

THE CHURCH FOR ALL! ALL FOR THE CHURCH

Candidates Qualify For City Election

City politics is beginning to pick up some steam and is expected to get going real good within a few weeks.

Candidates may now qualify. They may continue to do so until July 7, 1964. The deadline will be on that date at 5 o'clock in the afternoon. Candidates must certify their candidacy to the city clerk at his office prior to the 5 o'clock deadline on July 7.

The first election will be held on August 11, 1964, the date set by the state for the first municipal election in Alabama for a town with a population like Elba. If a run-off election is necessary, it must be called for the first Tuesday after the second Monday in September, which falls on Tuesday, September 15.

Names of candidates who have qualified up to next week for councilmen and mayor will be published in this newspaper next week. At this time it is not known as to whether a large number of candidates will qualify for the five council seats and mayor's office.

FEEDGRAIN EXPORTS

U. S. feedgrain exports totaled 9.6 million metric tons from July 1963 to January 1964. That's 21 per cent more than any year earlier. Largest increase was to Japan and other Asiatic countries.

Legion, Auxiliary Select Applicants For Boys', Girls' State

Boys To Preside Over Alabama Government

Four boys from Elba will attend Boys' State at Troy State College from May 31 thru June 5. Winners in a recent speaking contest at a meeting of The American Legion and Ladies Auxiliary are Jesse Lee, Larry Smith, Billy Rex Kelley, and Sammy Carnley.

The girl from Elba who will go to Huntington College in Montgomery June 7 thru 13 is Rachel Bowers. Gail Murph was selected alternate.

Candidates from Elba to attend Boys' State are sponsored by the American Legion, Culver Post #42, the Elba Rotary Club, Coffee County Board of Revenue, Sawyer Candy Co., and Drexel Cook, State Representative from Coffee County.

During their session at Boys' State they will go to the State Capitol and take over the State Government for one day. Prior to that they will run for the different offices and hold an election.

Approximately four to five hundred boys are expected to attend Boys' State in Troy.

After the boys return to Elba they will be glad to meet with the different clubs and organizations to speak on the things they learned from attending Boys' State.

The girls will also elect officers among themselves and will hold an election. Election winners will preside at the State Capitol in Montgomery for one day. Each Legion Auxiliary can only sponsor one girl from a school due to limited space at the college.

RED CROSS QUOTA FAR SHORT IN ELBA

Doctor V. D. McCreary is very much concerned that the Red Cross drive in Elba is still far short of the quota for this area. The quota is \$2,758 for the west side of Coffee County. At this date only \$1,144.80 has been contributed.

Of particular concern is the blood bank that has already made two trips to Elba. Unless more funds are collected there is a possibility that the third trip will not be made because of this shortage. It is urgent that the blood bank make regular trips to Elba since the opening of the Elba General Hospital. The blood bank must be kept there for emergency cases that develop in this area and carried to the hospital when having blood available at the moment could mean saving a life.

Another very valuable service is the homeservice for this area. A more complete report will be made on the services of this part of the Red Cross next week.
